You can proceed with an RCE.

Lloyd, this case was transferred to us for prosecution. We have submitted two Amendments without success and it's now under Final and the six months from final is up today. The subject matter is a GUI system. The person who was in charge of this case developed a health problem and so it's now in the hands of a new attorney, Eric Lee, who has looked over the file and does not think the case can be appealed. He suggests an RCE with a "substantial" narrowing of the claims. Our last advisory action was received on 11/23 so we will assume the extension fees for Dec. and Jan. if you so decide to proceed. Please advise.
